An act to *amend Section 241 of, and to add Article 5.5* (commencing with Section 234) to Chapter 2 of Part 1 of, ~~and to~~ ~~repeal Section 241 of,~~ the Education Code, relating to discrimination.

LEGISLATIVE COUNSEL'S DIGEST

AB 606, as amended, Levine. Safe schools: discrimination and harassment.

Existing law prohibits discrimination on the basis of specified protected characteristics, including, but not limited to, actual and perceived gender identification and sexual orientation, in any program or activity conducted by an educational institution, as specified.

This *bill would require the State Department of Education to develop a model antidiscrimination and antiharassment policy that prohibits discrimination and harassment based on specified characteristics, including, but not limited to, actual or perceived gender identity and sexual orientation, for school districts to adopt, as*

specified. The bill would require the department to post the model policy on its Internet Web site for school districts to download. The bill would require a school district to establish adopt the model policy developed by the department and publicize an antidiscrimination and antiharassment, as defined, the policy that prohibits discrimination and harassment based on specified characteristics, including, but not limited to, actual or perceived gender identity and sexual orientation. The bill would require a school district to take specified actions related to increasing awareness of, preventing, and ensuring appropriate responses to, incidences of discrimination and harassment based on those protected characteristics. By requiring school districts to perform additional duties, the bill would impose a state-mandated local program.

This bill would provide that a complaint of noncompliance with its provisions may be filed with the department under the existing Uniform Complaint Procedures, as specified. The bill would allow the Superintendent of Public Instruction, if he or she determines that a school district is not in compliance, to use any means authorized by law to effect compliance, including, but not limited to, the withholding of all or part of the relevant state fiscal support of the school district.

The bill would require the State Department of Education to display information on trainings, curricula, and other resources that specifically address bias-related discrimination and harassment based on any of the specified protected characteristics, as specified.

Existing law, the California Student Safety and Violence Prevention Act of 2000, declares that its provisions do not require the inclusion of specified instructional materials in any program or activity conducted by an educational institution or postsecondary educational institution. Existing law declares that its provisions are not violated by the omission of any specified instructional material in any program or activity conducted by an educational institution or postsecondary educational institution.

This bill would repeal those provisions, in addition, declare that the existing act does not preclude the inclusion of specified instructional materials in any program or activity conducted by an educational institution or postsecondary educational institution that furthers or supports the obligation of schools to combat bias-related discrimination and harassment, provide equal educational

opportunities to all pupils, and to protect the inalienable right of each pupil to attend a campus that is safe, secure, and peaceful.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: yes.

The people of the State of California do enact as follows:

- 1 SECTION 1. The Legislature finds and declares all of the
- 2 following:
- 3 (a) All pupils in public primary, elementary, junior high, and
- 4 senior high schools have the inalienable right to attend campuses
- 5 that are safe, secure, and peaceful.
- 6 (b) Pursuant to subdivision (b) of Section 201 of the Education
- 7 Code, public schools in California have an affirmative obligation
- 8 to combat racism, sexism, and other forms of bias, and a
- 9 responsibility to provide equal educational opportunity.
- 10 (c) The California Student Safety and Violence Prevention Act
- 11 of 2000 reaffirmed the right of all pupils to a safe school
- 12 environment by prohibiting a person from being subjected to
- 13 discrimination on the basis of actual and perceived gender
- 14 identity and sexual orientation in any program or activity
- 15 conducted by an educational institution that receives, or benefits
- 16 from, state financial assistance or enrolls pupils who receive state
- 17 student financial aid.
- 18 (d) (1) Studies show that pupils in California continue to
- 19 experience discrimination and harassment, and that
- 20 discrimination and harassment based on actual and perceived
- 21 gender identity and sexual orientation is particularly pervasive.
- 22 (2) Many teachers, school staff members, and pupils are
- 23 unaware of the rights and obligations regarding discrimination
- 24 and harassment set forth in Sections 200, 201, and 220 of the
- 25 Education Code.

1 (3) Many teachers and school staff members have not received
2 effective and comprehensive training to prevent or respond to
3 illegal discrimination and harassment. This training is
4 particularly lacking with respect to discrimination and
5 harassment on the basis of actual and perceived gender identity
6 and sexual orientation.

7 (4) Many school districts are not effectively addressing
8 discrimination and harassment on campus, particularly with
9 respect to discrimination and harassment based on actual and
10 perceived gender identity and sexual orientation.

11 (5) Many pupils do not know the manner in which to file a
12 discrimination or harassment complaint.

13 (6) Many school districts are responding to complaints about
14 discrimination and harassment in an inconsistent manner.

15 (e) In a public hearing conducted on October 3, 2002, by the
16 California Senate Select Committee on School Safety, pupils,
17 teachers, parents, researchers, and advocates from all over the
18 state testified about incidents of ongoing discrimination and
19 harassment and an inadequate response from school authorities.

20 (f) Numerous studies point to an ongoing problem of
21 discrimination, harassment, and violence that has severe
22 consequences for pupils and schools. For example, the 2001–02
23 California Healthy Kids Survey found that 37.4 percent of
24 California pupils reported experiencing bias-related harassment
25 at school, and that 7.5 percent of California pupils reported being
26 harassed on the basis of actual and perceived gender identity and
27 sexual orientation.

28 (g) Bias-related discrimination and harassment has negative
29 consequences for pupil health, well-being, and academic success.
30 For example, the Safe Place to Learn report issued by the
31 California Safe Schools Coalition and the 4-H Center for Youth
32 Development at the Davis campus of the University of California
33 found that pupils who are harassed based on actual or perceived
34 sexual orientation are at least three times more likely to carry a
35 weapon to school, to seriously consider suicide, to make a plan
36 for attempting suicide, or to miss at least one day of school per
37 30 schooldays because they do not feel safe.

38 (h) The United States Court of Appeals for the Ninth Circuit
39 held in *High Tech Gays v. Defense Indus. Sec. Clearance Office*,
40 895 F.2d 563, 570–571 (9th Cir. 1990), that actual or perceived

1 sexual orientation can be the basis for membership in an
2 identifiable class for purposes of protection under the equal
3 protection clause of the Fourteenth Amendment to the United
4 States Constitution.

5 (i) A number of school districts have paid hundreds of
6 thousands of dollars in damages to settle lawsuits by pupils
7 claiming their schools failed to protect them from harassment,
8 intimidation, and violence, including a June 2005 jury award of
9 \$300,000 in San Diego to two former high school pupils for the
10 harassment they received at school based on their actual or
11 perceived sexual orientation.

12 SEC. 2. Article 5.5 (commencing with Section 234) is added
